

STATUS IN 2004

In the year 2004, the institute carried out an analysis to list down the areas which needed improvement to convert it in to an institute of choice for the students and parents. The decision was taken in the light of NAAC peer team visit in 2004 and the observation made by them. For listing priority areas of improvement, the institute initiated deliberations with the stake holders particularly with the students, parents and faculty members

Following areas emerged, which needed attention and improvement

INFRASTRUCTURE	ACADEMIC	OTHERS
Need of more lecture theater class rooms	High staff student ratio	Lack of staff in hostel
Need for equipped labs	Less staff than sanctioned position	Lack of technical staff
Old auditorium	10 Professors without doctorate	Proper set up for hostel management
Need of smart class rooms	Maximum courses are not specialized	
Lack of departmental library for PG student	Lack of employable skill /lack of collaboration with other organizations having industrial interface	
Poor toilets for women students	Lack of innovative thinking	
Lack of conference room	Lack of brand image	
Old laboratories & lack of specialized and modern equipments		
Need regular maintenance of building		
Old office-no space or office for UGC/IQAC		
Lack of botanical garden		
Old intercom system		
Low standard canteen		

With the priority areas, clearly defined, the institute formulated strategy to mobilize the resources and opportunities to address the need.
