

VISION

आरोह तमसो ज्योतिः - From darkness to light. The vision is to be a pre-eminent center of excellence, generating & imparting knowledge. Empower girls through quality education. Equal opportunity to all students no matter wherever they belong from.

MISSION

- Create a teaching-learning environment and research attitude conducive to the pursuit of higher knowledge, skill and experience.
- Synchronize tradition with modernity and blend vocational education and skill orientation with traditional courses for future development.
- Foster self and community development by sensitizing the student on socio-economic issues emphasizing on gender, religious harmony, environment and human rights by including related topics into curriculum and through co-curricular activities.

OBJECTIVES

- Learning is a perpetual process and students should achieve their full potential in tenure. Through the theory and training, the students should achieve success in all aspect of life.
- Providing a range of education inclusive of lectures, training and sense of responsibility towards society.
- Emphasis on the conviction towards the equality and development of national integrity.
- Utilization and management of the available resources efficiently to achieve the objective.
- To make education as a powerful medium and tool to promote the socio-economic development of underprivileged communities.
